Program Information:

The order and duration of each topic can be adjusted to meet the needs of each individual student. The program is designed to work at the student's pace, allowing them to reach a functional level of usage at a speed that is comfortable for them. However, students must maintain progress and participate to the best of their abilities. The one-on-one instruction during the student's scheduled class time provides an individualized approach to learning, allowing for tailored support and attention. This approach helps to ensure that students can effectively develop the skills and abilities they need

MS Office:

The Microsoft Office Suite training program focuses on the essential tools used in the business world. Students will learn Word, Excel, PowerPoint, Access, and Outlook, starting with the basics and advancing to more complex concepts. The objective of the course is to equip students with the necessary skills and knowledge to effectively use these programs and increase their job prospects in the market.

Keyboarding/Ten Key:

The training program involves daily keyboarding practice and occasional 10-key practice. The typing goals for the course are 35 words per minute and 130 characters per minute.

Customer Service:

The course teaches students how to assist customers with inquiries and problems in call centers, help desks, tele service centers, and online. It covers topics such as user interfaces and behavior, hardware and software systems, customer interaction skills, telephone and email communication, data entry, and database and internet search and retrieval. The aim is to provide students with the skills to effectively assist customers in a frontline customer service role.

Job Search:

The Job Preparation Service includes creating resumes and cover letters, finding job leads, applying, and interviewing for work, using the skills and resources obtained during the training program.

Cost:

\$8,700.00	Tuition - Excluding other fees listed, tuition is all-inclusive for \$1,400 per month plus \$50 to ensure internet access is available and not disrupted during plan. Tuition includes a specially configured laptop and devices described at the end of the training plan.
